### Description

Outstanding Brightness for Viewing HDR Content Featuring Peak Illuminator Pro

#### **Brilliant Color, Outstanding Brightness**

Delivering stunningly rich color with Nano-Crystal technology and outstanding brightness for viewing HDR content via Peak Illuminator Pro, the JS9000 has been recognized as one of Reviewed.com's 2015 Editors' Choice award winners.

#### **4K SUHD**

Introducing a new category of TVs. With 4K SUHD TVs, now you can experience stunning colors, deep contrast, incredible brightness, and 4K resolution that redefines your TV viewing experience.

#### **Curved Panel**

Get drawn into the action with our state-of-the-art curved screen that delivers an immersive picture experience with off-angle viewing, making any seat the best seat in the house.

#### **Curved with Auto Depth Enhancer**

Experience a greater sense of depth on a curved screen with optimized contrast across multiple zones of the picture.
