### Description

#### WHAT THIS PRODUCT DOES:

The Luxul AV Series Multi-WAN Gigabit Router (ABR-4400) provides an optimal platform for setting up the ultimate residential or commercial network. It features rear panel ports and front facing LEDs (user selectable blue/green colors) for clean integration with AV rack systems. This commercial grade router allows for up to 512 concurrent device routing entries. It features an intuitive interface with advanced management, as well as firewall, QoS, VLAN, VPN and other capabilities that ensure optimal performance, scalability and security of your network.

#### USE THE ABR-4400 TO:

- \*Add High Performance IP Network Routing Functionality to your AV Rack Solutions
- \*Create a Secure Guest Network with VLANs
- \*Enable Secure Remote Access to the Network via VPN
- \*Optimize VoIP, Streaming Media and Other Demanding Applications
- \*Improve Network Reliability and Performance with Multi-WAN Capability
- \*Protect Your Network with Firewall and Security Features

#### FEATURES:

- \* 1 Dedicated WAN, 1 Dedicated LAN, 3 LAN/WAN Configurable Ports
- \* 1 USB 2.0 Port
- \* Auto Failover between WAN ports
- \* Load Balancing
- \* Virtual Private Network (VPN): PPTP, L2TP, IPsec
- \* Quality of Service (QoS)
- \* Virtual Local Area Network (VLAN)
- \* Bandwidth Control
- \* Content Filtering
- \* Network Security and Firewall
- \* Intuitive Management

- \* User selectable Green or Blue Front Facing LEDs
