### Description

Available in 7" and 10" versions, the T3 Series In-Wall Touch Screens provide dedicated, responsive and elegant control of your home. Featuring gorgeous, low-profile designs with edge-to-edge glass and stunning, high-resolution graphics, these touch screens look amazing on any wall.

The 7" touch screen provides you with total system control in a compact and convenient package. You can mount the screen practically anywhere, and with its edge-to-edge glass and high-resolution display, it will be an attractive addition to any interior design.

The expansive 10" touch screen brings total system control to your fingertips. Securely mounted to any convenient wall, its huge display and high-resolution video make it ideal as a whole-home communication and control center.
